
Popham Self Catering Cottage in Cornwall

Popham Cottage

Popham Cottage occupies a very private end of terrace location...

[read more](#)

Popham sleeps 4 (plus a cot if required), with one double bedroom and one twin room.

Popham Cottage occupies a very private end of terrace location with its own delightful small garden to the front and a large sunny, raised and enclosed garden to the rear. Through the porched entrance guests step into a traditionally-furnished and beautifully-decorated dining area which leads to the spacious modern kitchen where all the expected amenities can be found, including a dishwasher, microwave oven and fridge with freezer compartment. These two adjoining warm and sunny areas act as the focal point to this enchanting cottage, whilst the welcoming sitting-room provides a cosy hideaway to the left of the dining area and includes a TV, DVD and CD stereo system.

From the kitchen a sunny conservatory with sitting area and convenient open serving hatch, gives access through patio doors to the rear garden and also to the ground floor toilet, shower and utility room with washing machine.

Upstairs is a master bedroom which boasts a four-poster bed and vistas across the fields towards the Gull Rocks and the Atlantic Ocean. The twin-bedded room has views across the pretty front garden and over the surrounding countryside.

Off road parking is provided immediately adjacent to the cottage and rear garden.
