

Location

Bejowan and Popham cottages are tucked away on a quiet country lane surrounded by open countryside. Situated near the dramatic north coast of Cornwall, these two 4 star quality cottages are within walking distance of golden sandy beaches and wild and rugged cliffs.

Both are superbly appointed and well-equipped. They have their own unique character and offer views across the neighbouring fields towards the Gull Rocks and the Atlantic Ocean.

The cottages are only a short drive from the pretty yet bustling village of Cubert and close to Holywell Bay, undoubtedly one of the county's best beaches. The beach can be approached by road or by foot across the sand dunes owned by the National Trust, providing a memorable walk in high summer or in the sometimes blustery, yet often very warm, out of season months! The location of the cottages is ideal for a wide range of walks, some of which take in the dramatic Atlantic coastline, the tranquil beauty of Cubert Common and the surrounding hamlets and villages.
